MB STUDIO PRO – Network License 12 MONTHS

Product Code: MBPRONETWORK12

Price: 170€

Short Description
This service allows you to license a MB Studio PRO session via the Internet without using the cryptobox USB key.

Description
This service allows you to license a MB Studio PRO session via the Internet without using the cryptobox USB key.

Requirements for the network license:

- **Have already purchased a MBStudio PRO license or purchase it in this order.**
- **Have a static public IP (fixed IP)** on the machine where you want to install MBStudio
  (for example a VPS, a dedicated server in a webfarm, etc.)

If you have already purchased a MB Studio PRO license with a Cryptobox USB key, you will need to move the license from the cryptobox to the network system. The USB key will remain in your possession but will be empty.

MB STUDIO PRO updates are included for the entire period of subscription to the service.
